

UV-lampa, kortvåg, 254 nm, 2,125"

Produktnr:	**2671000**
SEK Pris:	Kontakta oss
Tillgänglig	

Shortwave (254 nm) UV lamps for field or laboratory use. Either lamp can be used in the lab with power supply (2670700 115V/60Hz or 2670702 220V/50Hz).

Both lamps (2671000 and 2670800) are physically identical except for bulb and cord length (these are shorter in the 1.75" version). NOTE: Not for use in microbiological applications. UV Lamp contains mercury. Dispose according to state, local or federal regulations.
